

**Personal Information**

Full name	Dr. Chang-Ho Oh
Current position	Senior Vice President
Organization	OLED TV Development Group, LG Display
Country	Korea

**Short Biography**

Chang-Ho Oh received his B.S.(1989) and M.S.(1991) degrees in electronic engineering from Seoul National University in Korea, and Ph.D. degree(2000) in physical electronic engineering from Tokyo Institute of Technology in Japan. While at T.I.T., he focused on the excimer-laser annealed low-temperature poly-Si growth and applied poly-Si TFT fabrication research.

He joined LG in 1991 and has developed TFT-LCDs and its applications, especially In-Plane Switching LCDs and large sized OLED Display. He has led the development of world 1st 55inch FHD and 77/65/55inch UHD OLED TV, using Oxide TFT and WRGB OLED technologies.
